COMMUNICATION - PURPOSE OF THE HANDBOOK:

To communicate student rights and responsibilities

The tradition of excellence of Hinds Community College depends largely on the ability of each student to meet challenges and to avail him/herself of the many opportunities provided during the school year.

The purpose of the Handbook is to acquaint the various members of the College community with the activities, policies, organizations, services, and regulations of the College. Each student, faculty, and staff member should become familiar with the contents of the Handbook and is responsible for complying with the policies and regulations within. This Handbook and the College Catalog and the College website provide students with information that define a student's rights and responsibilities. Vital information and regulations are also provided within department service descriptions of the Handbook, thus a student may want to become aware of information within all sections of this publication. Valuable information is also provided on the College website. The Student Handbook and College Catalog are available on the College website, www.hindscc.edu

This handbook is compiled and published through the cooperative efforts of members of the student body, student government, faculty, administrative and student services personnel. The handbook is edited by the Dean of Students, Academic Deans, CTE Deans, eLearning Dean, Chief of Police and other Deans and Directors throughout the college.

STUDENT SERVICES

PHILOSOPHY AND OBJECTIVES OF STUDENT SERVICES WORK

The nature of American higher education places great emphasis upon developing the student as an educated “whole” person rather than upon promoting intellectual training alone. Such an emphasis has created a conscious extension of the learning environment beyond the classroom, and the student personnel professionals bear the primary responsibility for facilitating the education which takes place in that setting.

In promoting the Hinds Community College Missions and Goals, Student Services endeavors to establish rapport among all students and student groups, making each individual feel that he or she is an integral member of the College community and of society. Accordingly, the various departments of Student Services strive to provide a means for complementing and supporting the academic, career, technical and continuing education programs. Workable strategies, techniques, and methods are developed on a continuing basis to enhance and promote excellence in both inter-community/junior college and intra-community college relations. Through Student Services, education is viewed as an individualized, success-oriented system which is constantly being refined to meet both student and societal needs. To implement successfully this vitally important system, Student Services personnel strive to fulfill the Mission Statement and Goals of the College as:

EDUCATORS who operate in the challenging and relatively unstructured out-of-classroom setting. Student Services professionals use activities, organizations, special developmental programs and interpretation of institutional and societal rules as tools in the total educational process.

PROVIDERS AND MANAGERS OF STUDENT SERVICES designed to facilitate the student's overall educational experience and to provide the type of special facilities for academic, career and technical support activities which create an active and productive learning environment.

FACILITATORS OF THE MATRICULATION PROCESS who offer individual growth-oriented assistance to help students successfully progress through a multi-dimensional college experience. The goals of Hinds Community College Student Services are consistent with Hinds Community College Mission Statement and Goals as cited in the Catalog. The goals of the Student Services Program include:

1. Develop and initiate practical guidelines through which students may achieve life goals, which are socially desirable and individually satisfying to their lives.
2. Help students to plan their lives so their goals, which they have established, can be attained.
3. Assist students to improve their abilities to live with others so that they may effectively promote their own development and their own worthy purposes.
4. Help students experience the satisfactions that come from association with different kinds of people.
5. Prepare students so they may be partners with those who seek to help provide a better society in which to make a living.
6. Provide students with leadership opportunities which enable them to adjust creatively in their own development of life's goals, to recognize their limitations, their strengths, and to build upon their own peculiar powers and interests while becoming enriched and resourceful persons.

FINANCIAL AID

GENERAL REQUIREMENTS

Financial aid is provided to students who have met admission requirements of the college and is to be used for educational purposes. For the student to be eligible to continue receiving Federal financial aid, he/she must file a yearly Free Application for Federal Student Aid (FAFSA). In order to receive financial aid from any Federal Student Aid Program, Mississippi State Aid Program, or Hinds Community College Scholarship, the student must make satisfactory progress in his/her program of study according to Hinds Community College's Policy for Satisfactory Academic Progress (SAP). A student who has an Unsatisfactory SAP status, is in default on a student loan or owes a Federal overpayment is not eligible for Federal, State, or Institutional financial aid. Funds for financial aid come from Federal Government Programs, Hinds Community College, the State of Mississippi, individuals, and local civic organizations. The amount of money available for each award year depends upon the amount of money made available for the institution from these sources.

Students without a high school diploma (i.e. occupational diploma) or equivalent (GED®, HiSet, or TACS®) are welcome to enroll in career/tech programs once admission requirements are met. Federal financial aid may be available to students who complete the "ability to benefit" requirements for career pathway programs. Students who are still in high school and take dual enrollment/dual credit classes are not eligible for financial aid.

HOW TO APPLY

To be considered for any type of financial aid listed below, students must complete the Free Application for Federal Student Aid (FAFSA) online at studentaid.gov. The Office of Financial Aid will electronically receive the results of the FAFSA approximately three to five days after the student files, provided Hinds' Title IV school code, 002407, was submitted on the FAFSA. The student will be notified by email if any additional documents are required. Financial aid will be awarded to each student based on the individual's need. Each student is considered for all types of aid and awarded accordingly.

RETURN TO TITLE IV FUNDS POLICY

Special rules apply when students withdraw from classes after receiving Title IV financial aid funds from any of the following federal programs:

- Federal Pell Grant (PELL)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- *William D. Ford Direct Loan Program (Subsidized and Unsubsidized Loans)
- Federal PLUS Loan (borrowed on the student’s behalf)

The Higher Education Amendments of 1998 define “Withdrawals” as failure to complete the period of attendance for which federal aid eligibility was based and “Unofficial Withdrawals” as when students simply stop attending class. Therefore, this policy affects not only those students who complete the formal withdrawal process, but also those students who simply stop attending classes. In either case, when a recipient of Title IV financial aid funds ceases attendance during a term, the College must calculate how much aid was earned and unearned by the student.

These rules are federally mandated and the amount of aid a student has earned for the enrollment period is based on the length of time the student remained enrolled for that period. If a student withdraws on or before the 60% point of the enrollment period, the student may not have earned all of the financial aid that they received. Excess financial aid funds must be returned to Title IV within 45 days of the date the school determined that the student withdrew. A student who remains enrolled beyond the 60% point of the enrollment period has earned 100% of the federal grant aid for that period. Hinds Community College will return all unearned Title IV financial aid funds to the Department of Education. The amount of returned funds will be charged back to the student’s college account in the Business Office. Funds will be returned to the applicable Title IV financial aid programs in the following order:

1. Federal Unsubsidized Loan
2. Subsidized Loan
3. PLUS Loan
4. Federal Pell Grant
5. Federal Supplemental Educational Opportunity Grant

All withdrawals (official and unofficial) are determined by the institution utilizing a routine report that identifies all Title IV financial aid recipients who have received a grade of W. The Return to Title IV calculation will be completed using the student’s last date of attendance in all classes in his/her program of study. After this calculation has been completed, the student may be entitled to a post-withdrawal disbursement which must be sent to the student within 45 days of the date the school determined the student withdrew. This type of disbursement is received after the student has withdrawn from school but has earned a greater percentage of aid than has been disbursed to them.

*Students must be enrolled and attending at least six (6) semester hours in his/her program of study in order to receive a loan disbursement.

SATISFACTORY ACADEMIC PROGRESS FOR RECIPIENTS OF
FEDERALLY FUNDED FINANCIAL AID

To receive and maintain federal financial assistance, students are expected to maintain satisfactory progress toward the completion of an eligible academic or career-technical program of study. Failure to achieve satisfactory academic progress will result in the termination of the student’s federal financial aid. SAP is checked at the end of each semester.

Federal Financial Aid consists of:

- Pell Grant
- Direct Loans (subsidized, unsubsidized and Plus)
- Federal Supplemental Education Opportunity Grant (SEOG)
- Federal Work Study

Students must pass a minimum percentage of all courses attempted and maintain a minimum cumulative grade point average (GPA) as determined and calculated by the Office of Records.

<u>Hours Attempted –</u>	<u>Minimum Required GPA –</u> (Qualitative)	<u>Minimum Required</u> Completion Rate* (Quantitative)
0-30	1.5	50%
31-93	2.0	67%
94 and above	May not be Eligible**	May not be Eligible**

* **Completion rate:** The rate is calculated by dividing the number of hours the student has completed by the total number of hours the student has attempted (including withdrawals and failing grades).

****Maximum Hours/150%:** A student receiving financial aid is expected to complete their program of study within a time frame not to exceed 150% of the published length of that program. For example, a program requiring 60 hours for a degree allows a maximum of 90 attempted hours (60 hours X 150% = 90). If a student exceeds the 150%, they will no longer be eligible for federal financial aid. Once a student has completed all courses required for their program of study, regardless of whether or not they have received their degree, the student is no longer eligible for federal financial aid.

Transfer hours from other colleges: Credit hours transferred from a previous college will be counted toward the attempted and completed hours (quantitative).

Quality Point Average (Grade Point Average): The quality point average is determined by dividing the total number of quality points earned by the total semester hours attempted. For example:

<u>Course</u>	<u>Sem. Hrs.</u>		<u>Grade Points</u>	<u>Quality Points</u>
ENG 1113	3	x	Grade A (4 points) =	12
MAT 1313	3	x	Grade B (3 points) =	9
HIS 1113	3	x	Grade C (2 points) =	6
BIO 2513	3	x	Grade B (3 points) =	9
BIO 2511	1	x	Grade B (3 points) =	3
HPR 1111	1	x	Grade B (3 points) =	3
Total Sem. Hrs. 14			Total Quality Points	42

Dividing 42 quality points by 14 semester hours attempted = 3.0 quality point average.

Financial aid warning: Students who are not making SAP due to not meeting the percentage of hours attempted or earning the minimum GPA requirements at the end of the semester will be placed on financial aid warning for the next semester. Students on financial aid warning are still eligible to receive federal financial aid for one additional semester. If the student does not meet SAP requirements at the end of the next semester, the student will be placed on financial aid suspension and is no longer eligible for federal student aid.

Break in enrollment: A student who experiences a break of enrollment, whether one semester or multiple semesters, will return with the same SAP status as their most recent semester at Hinds.

Financial aid suspension: Students on financial aid suspension are no longer eligible for Federal Student Aid. The student may pay their educational expenses out-of-pocket and attempt to regain eligibility with the SAP requirements, or the student may appeal the suspension if there are any extenuating or special circumstances that prevented them from meeting the SAP requirements. The student can complete the appeal process in Workday. All appeals must be submitted no later than seven days prior to the end of the add/drop period each semester.

Pace of progression: The chart demonstrates the pace of progression a student must maintain to ensure completion within the maximum time frame.

Hours Attempted	Completion Rate	Hours Passed	Minimum Cumulative GPA
15	50%	8	1.50
30	50%	15	1.50
45	67%	30	2.00
60	67%	40	2.00
75	67%	50	2.00
90	67%	60	2.00
93	Generally not eligible	Generally not eligible	Generally not eligible

If the program of study requires more than 62 credits hours, the maximum number of hours the student may attempt will be the number of hours required by the HCC Catalog multiplied by 150 percent.

Withdrawals: Withdrawals (“W” grade) for classes attempted will count as hours attempted.

Developmental Coursework: Developmental studies coursework will not be included in hours attempted but will be included for GPA.

Incomplete course: Grades of incomplete (“I” grades) will be treated as an “F” for both hours attempted and GPA.

Repeat courses: In order to improve the student’s grade point average, a student may repeat, for grade replacement, a course already taken at Hinds. Each course may be repeated only one time for grade replacement. A student may repeat up to eight (8) credit hours. The official grade will be the grade earned in the repeated class, even if the grade is lower than the first attempt, and will count toward the cumulative grade point average at Hinds. All grade attempts remain posted on the Hinds transcript, but only the quality points and attempted hours of the 2nd course will be calculated in the GPA. Some courses can be repeated for additional credit and cannot be replaced for a better grade (ex: Physical Education Activity courses, Music Lessons, Seminars). Developmental courses may be repeated for replacement. The replacement grade policy is honored at Hinds Community College, but it may not be recognized by other colleges/universities or employers.

To raise a grade point average at Hinds Community College, the course must be repeated at Hinds. When a student transfers to another institution, the policy of the receiving institution will determine the student’s grade point average.

Note: If a student has been academically dismissed or placed on academic suspension and wishes to appeal that status, they should contact the Office of the Dean of Students. Completing an appeal for financial aid suspension will not correct their academic standing.

Notice of SAP status: SAP is processed at the end of each semester and posted on the Navigator student portal. Emails regarding SAP status are sent to all emails addresses that a student has on file.

How to appeal financial aid suspensions: Appeals will be processed through Navigator and must be submitted no later than seven days prior to the end of the add/drop period each semester.

Changing program of study: A student who has changed their program of study and begun another may complete an Evaluation of Credits and have their SAP status re-run for the new program of study. A student will be eligible to change their program a maximum of two times for financial aid purposes.

General Information

- The amount, as well as, the number of semesters a scholarship may be awarded may vary and is determined by each department.

Appeal Process:

Any student who does not meet all stated criteria to receive and retain a scholarship will forfeit the award. A student may appeal the forfeiture of a scholarship based on the following:

If a student wishes to appeal the loss of a scholarship, they should follow this process:

The student may submit a written letter of appeal to the appropriate department or committee (see list below) only within 30 days of the end of the semester in which the scholarship was forfeited. There is no probationary period for the loss of a scholarship and no scholarships are reinstated by a new GPA achieved at a later date.

The letter of appeal must be written and submitted by the student and should include all information related to the loss of the scholarship, a plan for successful degree completion, and additional supporting documentation that the student deems necessary.

If an appeal is denied by the awarding department, the student may submit a second appeal to the Scholarship Committee, appointed by the College president. VETERANS SERVICES

The Office of Veterans Services is available to assist all eligible veterans and dependents/spouses wanting to utilize their education benefits. The VA provides coverage for both Associate degrees awarded by Hinds as well as career and technical certificates. Every effort is made to facilitate admission into the student's choice of training programs.

For additional information call the Office of Veterans Services 601-857-3226 or 1.800.HINDS CC.

ADMISSIONS

Students who plan to receive veterans benefits must satisfy the college's admission requirements before enrollment certifications can be sent to the Veterans Services Regional Processing Center in Muskogee, OK. In addition, ALL transcripts from schools previously attended must be furnished in order to comply with the Regulations of the Department of Veterans Services.

REGISTRATION

Students receiving veterans' benefits must at all times have a defined program of study and be enrolled in courses leading to completion of the designated program at Hinds Community College. Only these course can be represented on an enrollment certification and calculated towards the student's Rate of Pursuit. Courses that are not required for graduation in the student's specified Program of Study at Hinds Community College will be omitted from the enrollment certification.

Each student must file a certification request with the Office of Veteran Services at the beginning of the enrollment period they intend to use benefits. Certification requests may be submitted electronically on the Hinds Community College website or in certain approved circumstances, students may submit a paper copy. The only paper copies of the certification request that are deemed approved are those received from a School Certifying Official on the Raymond Campus.

In any case where a student is taking courses outside of his/her PUBLISHED program, it is the responsibility of the student to present the required documentation to have that course accredited to their Rate of Pursuit. Any of these documents will be considered acceptable documentation:

- A copy of the approved course substitution form;
- An official letter signed by the Department Head for the specific program, approving the course to replace a required course that has not yet been completed in the student's Program of Study.
- An official letter signed by an Academic Counselor approving the course towards a student's graduation in his/her declared Program of Study.

Students who are pursuing more than one degree at a time are pursuing dual majors, they must notify the Office of Veteran Services of their intent to pursue multiple degree programs in writing before the start date of classes. The Office of Veteran Services will then review and notify the student whether or not their pursuit is approved by the VA for benefits. Students who do not notify the Office of Veteran Services of their intent to pursue more than one major will only be allowed to use benefits towards the major that is most beneficial for the current semester.

CREDIT FOR SERVICE TRAINING

Students who served in the Armed Forces are encouraged to have an Official Military transcript sent to the Office of Admissions and Records. Military Transfer Coursework is evaluated and applied based on the same policies that regulate academic transfer credit. Educational work done by veterans while in active service is evaluated and credit given when possible. The recommendation of the American Council on Education in its handbook, Guide to the Evaluation of Educational Experiences in the Armed Services, is used as a guide for the evaluation of all military credit.

PROBATION AND SUSPENSION

Students receiving veteran's benefits are expected to maintain the same standards of satisfactory progress as all other students receiving financial aid. See **Policy on Satisfactory Academic Scholastic Progress for Recipients of Federally Funded Financial Aid and Veterans Benefits** in this section of the handbook.

Exceptions from the Policy on Satisfactory Scholastic Progress for Recipients of Federally Funded Financial Aid and Veterans Benefits are as follows:

1. "W"s will not be used in calculating the number of semester hours attempted for the purpose of determining eligibility to receive veteran's benefits.
2. Veteran's benefits recipients may attempt additional hours beyond the 93 semester hours allowed in the policy without completing a degree, as long as they are maintaining satisfactory scholastic progress.

NOTE: Policies stated for veterans comply with regulations 14253, 14277, 14278, Department of Veterans' Affairs.

CHANGING ENROLLMENT STATUS

Students receiving veteran's benefits must notify the Office of Veterans Benefits whenever there is a change in their enrollment (i.e. Dropped, withdrawn, canceled added courses.) Students who change their rate of pursuit or class schedule after the start date of classes will be liable for repayment of any resulting overpayments. (See policy below concerning overpayments.)

Once the student's class schedule has been certified to the Veterans' Administration (VA), the Office of Veterans Services will place a restriction on the student's class schedule. Changes to a class schedule after this certification could impact the benefits that the students will receive. Therefore, students receiving benefits must contact the Office of

Veterans Services prior to making any changes to their class schedule (dropping or adding classes) since these changes must be reported to the VA.

Student Actions That Result in Overpayments

1. Withdrawing from a course or school.
2. Receiving a grade which does not count toward your graduation requirements.
3. Failure to have an incomplete grade changed to a grade which counts toward your graduation requirements.

VA Actions Once an Overpayment is Created

1. Add interest charges and collection fees to your debt.
2. Withhold future benefits and apply them to your debt.
3. Turn your debt over to a private collection agency.
4. File suit in federal court to collect your debt.
5. Withhold approval of your VA home loan guarantee.
6. Collect the debt from your federal income tax refund.

Explanation of Mitigating Circumstances

The law requires that the VA must collect all benefits paid to a beneficiary for a course for which the grade assigned is not used in computing the requirements for graduation including a course from which the beneficiary withdraws, unless there are mitigating circumstances.

This means if you drop a course, unless you can show the Department of Veterans' Services that there are mitigating circumstances, you must return all the money paid to you for pursuit of that course from the start of the term, not merely from the date you dropped the course.

Examples of acceptable mitigating circumstances are prolonged illness, severe illness or death in your immediate family and unscheduled changes in your employment or work schedule. Examples of unacceptable mitigating circumstances include withdrawal to avoid a failing grade, dislike for instructor and too many courses attempted.

NOTE: Student is required to submit evidence to support reasons before he/she can be accepted by the VA.

Tuition and Fee Overpayments for Chapter 33 Post 9/11

If a student drops, or is withdrawn from a course before the last day drop/add a course in a term then the appropriated tuition and fees for that course will be sent by the school to the Dept. of Veterans' Affairs.

If a student drops or is withdrawn from a course after the last day to drop/add a course in a term, then it becomes the student's responsibility to pay the appropriated tuition and fees for that course to the Hinds Community College.

In the event that Tuition and Fee payments are requested from the school by the Dept. of Veterans' Affairs, the school will bill the student for the amount paid on his/her behalf.

1. On check-in day, new and returning students will report to the lobby / office of the residence hall to which they have been assigned.
2. Students checking-in after the first day of class must notify the Department of Student Housing of late check-ins to maintain room assignment.
3. Resident Hall Directors or Resident Assistants will complete Room Condition sheets on each room before students check in. It is the responsibility of each resident to verify that the form for his/her assigned room is filled out accurately prior to signing it.

K. CHECK-OUT

Check-out arrangements must be made with the Resident Hall Director or Resident Assistant. These arrangements must include the following:

1. Remove personal belongings from room.
2. Clean room thoroughly.
3. Defrost and clean refrigerators.
4. Have the Resident Assistant (RA) or Hall Director survey the room for possible damages and missing items.
5. Turn in room keys.
6. Sign the room condition sheet.

L. ASSESSMENT OF DAMAGES

When damage occurs within a resident's room or an area adjacent to it (suites, hallways, bathroom, lobbies, etc.), it is ultimately the responsibility of the occupants to pay for the cost to replace or repair the damaged property.

All residents of a residence hall are financially responsible for their prorated share of loss or damages that occur in the public area of their unit, if damages cannot be attributed to a known individual. Damage to the elevator is assessed to individuals responsible or to all residents when purposely broken. The remaining damages are assessed to all residents of the building on an individual basis.

M. OPENING AND CLOSING OF RESIDENCE HALLS INCLUDING HOLIDAYS

1. The student may occupy the assigned room from the date and time for official opening and closing of the residence hall as designated by the official College Calendar. The residence halls will be closed during all vacation periods as stated in the College Calendar. Students must make plans to be off-campus during all holidays (Thanksgiving, Christmas, Spring Break, etc.). Students requesting to stay during a holiday break will be charged \$10 per night that they are approved to stay. Permission to stay will be granted by the Director of Student Housing and Residence Life. All students are not permitted to stay upon request. It is at the discretion of the Director of Student Housing and Residence Life to grant permission to stay.
2. At the end of each semester, all residents are required to vacate his/her room after completion of his/her final exams unless he/she is graduating and has permission from the Director of Student Housing to stay.

IV. REGULATIONS REGARDING RESIDENT CONDUCT WITHIN RESIDENCE HALLS

Two objectives of higher education are to develop self-reliance and to form desirable and acceptable habits of conduct. All students living in residence halls within Hinds Community

College will be expected to conform to ordinary rules of polite society; to respect the rights of others; and to have regard for the preservation of college property as well as private property of others. If a resident has questions about this subject, or he/she is involved in an infraction of housing regulations, his/her first contact should be their Residence Hall Director.

V. ADDITIONAL RESIDENCE HALL REGULATIONS AND POLICIES

A. LOST ROOM KEY AND/OR ID

If a resident loses his/her key, report it immediately to a RA or HD of the hall that the student resides in. The student will be given a key slip to turn in to the Business Office. Once the student has paid for the key replacement, the resident must give the receipt to the HD or the RA so that the key can be replaced. The resident's cost for replacing a key is \$25 and the ID cost is \$10.

B. OBSTRUCTION OF CORRIDOR, DOOR, LOBBY, LOUNGE, WALKWAYS

In support of State and College Fire Safety evacuation codes and out of respect for students with disabilities, it is most essential that residents comply with the guideline stipulating that all corridors, lobbies and walkways, in and around the halls must be free of any obstructions at all times. This means that all personal belongings including: bicycles, skateboards, athletic equipment, motorcycles, and ironing boards, must never be left to obstruct the flow of traffic. Any disruptive behavior will not be tolerated in the interest of residence hall safety. Students using emergency exit doors for non-emergencies will be charged \$200 per occurrence.

C. PETS

Major problems in sanitation, pest control for fleas and flies, allergies, and common courtesy for fellow residents provide the basic rationale for our policy of allowing no pets in the residence halls. Students are not allowed to have pets in the residence halls. Fish aquariums are also included in this policy.

D. ROOM INSPECTION

The rooms of students will be inspected weekly by the appropriate College officials. All rooms should be kept in a presentable order and made as attractive as possible. In case the room is not clean, or unsanitary conditions occur, the student will receive a written violation for the first offense and additional fines thereafter.

E. SOLICITATION

To protect residents from annoyance or interruption of study, recreation, and rest, regulations have been established to prohibit indiscriminate solicitation and sales in the residence halls. Since weeknight guests often distract from established study routines, overnight guests are permitted only on weekends. Permission for all weekend guests should be secured from the Resident Hall Director. Students who invite guests are responsible for their guests' behavior while on campus and may be subject to student conduct action as a result of their guest's conduct. A male student visiting in any part of a residence hall for women or a female student visiting in any part of a residence hall for men without permission of a College official will have student conduct charges placed against them (including but not limited to a \$200 fine per offense. All assigned occupants of a room must agree before permission will be given for visitors.

WORKFORCE SUPPORT AND ADULT EDUCATION SERVICES

Mission Statement: Provide students with opportunities to apply classroom knowledge in a real-world setting, while creating meaningful connections to industry.

COOPERATIVE EDUCATION

The Cooperative Education Program awards college credits (from 1 to 3 hours a semester) for on- the-job experience that is related to the student's academic college major. The student combines periods of college with work periods in business & industry, as documented by the office of Cooperative Education. These work periods are generally part-time, in the afternoons after classes (Parallel Program), but may be full time, every other semester (Alternating Program).

Students must complete a minimum of one semester maintaining a grade point average of 2.0 or better to qualify for this program. Academic credit hours may be earned depending on the number of hours worked. Students must sign up for the Cooperative Education course prior to the beginning of the semester that they will be working. A document must be signed by the employer stating the specifics of the student's employment in order for the student to receive credit for the course. These credit hours will be assigned by a Coordinator of Cooperative Education and may be used toward graduation from Hinds Community College. For more information, contact the Director of Cooperative Education/Work-Based Learning/Supervised Work Experience and Internships at 601-857-3534.

WORK-BASED LEARNING

Work-Based Learning is an educational/training program for career and technical students which combines programs of study with structured on-the-job experiences. Through this program, Work-Based Learning students practice and develop skills and competencies which have been identified by participating businesses and industries. Work-Based Learning participants are better able to see the connection between education and work and are able to earn wages while learning from skilled professionals. This experience also allows students to test potential careers and provides exposure to expanded career possibilities.

All students must be recommended by their major instructor, and all work experience must be in the field of their major. Students must complete an application process, which includes an education/training agreement signed by the employer, the instructor, the student, and the Work-Based Learning Coordinator. Students will receive semester hour credit (maximum of 12 credit hours total) depending on the number of hours worked per week. Instructional Technology is available to faculty, staff, and students for technology-related and learning opportunities.

Located in the McLendon Library Media Center, the department is open during the college operational hours, 8 a.m. to 4:30 p.m., Monday through Thursday and Fridays 8 a.m. to 11:30 a.m.. Instructional Technology offers students an open computer lab, and technical support for Canvas and other instructional software supported by the institution. For more information, visit the department's webpage at <https://www.hindscc.edu/online>

DISTANCE LEARNING

The Office of Distance Learning, in partnership with the Mississippi Virtual Community College (MSVCC), has created an online learning environment for Hinds Community College students. Students who wish to register for online courses should visit the eLearning page on the Hinds website (<https://www.hindscc.edu/online>). Only courses listed in the Hinds Community College Catalog will be included in Hinds Community College course offerings. Final determination of course offerings for Hinds Community College students is subject to the approval of the Office of Distance Learning.

COMPUTER BASICS

Students taking online courses through Hinds Community College are expected to have basic computing skills and have permanent access to a computer with a reliable internet connection. Students should review with an advisor the necessary computer skills before enrolling. All Hinds' students are required to use the college-provided email account for correspondence in Distance Learning courses.

ACADEMIC HONESTY

The instructor is responsible for giving written instructions to his/her classes detailing the forms of collaboration that will be allowed. It is the responsibility of the student to contact the instructor for clarifications of the policy.

STUDENT GUIDE INFORMATION

Additional information regarding enrollment in distance learning courses is available in the Distance Learning Student Guide published by the Distance Learning Office and made available to students on the College Website and Canvas. It is the student's responsibility to secure the Guide and become familiar with the information.

TESTING POLICY

In order for a student to successfully complete an online course, he or she will be required to take two proctored exams per online course. This ensures compliance with our accrediting body's standards for identity verification (picture ID is required to take a proctored exam) in all distance learning programs. Dual Credit and Dual Enrollment students must provide a photo ID. It can be a high school photo ID or a government issues photo ID. Exemption on the final exam for graduating sophomores is determined by the faculty member. The majority of online courses will require a final exam regardless of your graduation status. Proctors for students outside of Mississippi MUST be submitted and approved by the Distance Learning office. It is the student's responsibility to locate a proctor and submit their credentials for approval. This should be done at the beginning of the term. Please call 601-857-3834 for more information on setting up an outside proctor.

ATTENDANCE AND WITHDRAWAL POLICY - See the policy in the current Student Handbook – Instructional Policies. Traditional holidays may not be observed in online courses.

MEDIA SERVICES

Media services are offered through the eLearning Center on the Raymond campus. The eLearning Center serves as a central distribution and production center for non-print materials for the College. Located on the ground floor of the McLendon Library, the eLearning Center operates an open learning lab equipped with audio/video equipment and computers with course-related software. The eLearning Center also houses a graphics production and video editing facility and production studio.

Students may use the learning lab at any time during these normal hours of operation:

Monday – Thursday: 8 a.m. to 4:30 p.m.

Friday: 8 a.m. to 11:30 a.m.

When using the eLearning Center, students must provide identification whenever called upon to do so. Patrons are expected to maintain an atmosphere conducive to learning with no loud talking, no food or drink and no tobacco products permitted. Cell phones are not allowed in the Center.

The eLearning Center provides a place for printing and utilizes the WEPA cloud printing format. Students will be provided a print account preloaded with \$10 each semester.

INSTRUCTIONAL POLICIES

APPEAL OF A FINAL GRADE IN A COURSE

A student may appeal a final grade in a course if the student believes the grade was calculated incorrectly. The student must initiate the process below before the beginning of Final Exams for the following semester after the grade was posted (excluding summer):

1. Meet with the Instructor - The student should discuss the complaint with the person the grievance is addressing, the person closest to the situation. The instructor will have seven (7) school business days (excluding Final Exam days) to verify the grade and/or show the student how the grade was calculated.

2. Meet with the Department Chair/Director - If there is no resolution, the student should ask to meet jointly with the instructor and the Department Chairperson/Program Director if the issue has not been resolved in the initial meeting. If the issue is with an online course, email the Distance Learning Department at distancelearning@hindsc.edu.

3. Submit a written complaint to the appropriate Dean - If not resolved at the first two levels, the student should submit a written complaint including related documentation and remedy sought to the appropriate dean responsible for the department. The Dean will confirm that the student has followed the appropriate complaint procedures and sought a resolution. The Dean will provide the student a written decision on the resolution of the complaint within seven (7) business days. If the student wishes to progress to the next step in the process, the student has seven (7) business days to respond.

4. Instructional Appeals Committee - If the student does not accept the resolution from the dean, he/she may request that a review of the written complaint be sent to the Instructional Appeals Committee. The Committee Chairperson will respond to the written request within seven (7) business days. The Committee Chairperson will send a written response to the student filing the complaint. Results will be filed with the Instructional Dean or eLearning Dean and he/she shall maintain the instructional student complaint.

NOTE: All non-instructional complaints should follow the procedures found in the Student Handbook.

ATTENDANCE-WITHDRAWAL POLICY

Attendance Requirements

It is the instructor's responsibility to convey to the students the attendance requirements which include: the type of course, how attendance is recorded regarding absences and tardies, notice of absence, and the number of absences resulting in withdrawal for excessive absences. The primary method by which the College communicates with its students concerning attendance is the student's College-issued email account. All students are responsible for activating their College email account and checking it frequently. Students should be aware that failure to meet attendance requirements may impact the student's business office account, financial aid, scholarships, federal student loans, Veteran's benefits, housing, future enrollment, and enrollment status by lowering or stopping benefits or causing repayment to be due immediately.

Types of Courses Requiring Attendance

Hinds Community College offers three types of courses that require recording attendance: On Campus, Online, and Hybrid. Courses may have multiple attendance markers for each instructional type included in the course (combined lecture/labs, hybrid courses with face-to-face and virtual meeting dates, clinicals, etc.). Each type of course has a specific method of taking attendance:

On Campus Courses

Instructors will mark attendance at the beginning of each class meeting and will maintain an attendance record for each student.

Online Courses

Attendance in online courses is recorded weekly or bi-weekly (depending on length of term) and requires completion of online content-related assignments. Logging in to the course will not count towards attendance.

Hybrid Courses

Hybrid courses will mark attendance at the beginning of each on campus class meeting and through the completion of online content related assignments for the online component of the course. Attendance markers will be in place for both the face-to-face meetings as well as the on-line portion. Both count toward “total class meetings”.

Absences and Tardies

Hinds Community College recognizes two forms of absences: absent and official absence.

Absences are those where the student is not present at the time of the class meeting or the student failed to complete the required online content-related assignments. The instructor will determine whether the student will be allowed to make up the missed assignments for the time the student was marked absent. Also, the student will be marked absent for missed class meetings prior to enrollment in the course. The student is responsible for all assigned work which occurred prior to the student’s enrollment in the class.

Official Absences are those resulting from student participation in activities sponsored by the College. Official absences are not used for other absence-related activities outside of school-sponsored events. All requests for official absences, excluding athletic events, should come from the appropriate college official to both the Vice President of Instruction – Academic/Transfer Programs and Vice President of Instruction – Career & Technical Education before the date of the absence. Athletic official absences will be communicated to the appropriate Dean of Students. Students will be provided with an Official Absence Notice by the proper College official. It is the responsibility of the student to provide the instructor with the Verification of Official Absence form or letter. A student will be allowed to make up the class or laboratory assignments that were missed during an official absence within one week of the absence, or before the end of the term if the absence occurs within a week of the end date of the course. Instructors should mark these students as “Official Present” with a comment of the event that is approved for official absence. If the student does not complete the work within one week of the absence then the instructor should change the attendance to “Official Absent”. “Official Present” will be counted as present for both attendance and audit purposes and “Official Absent” will be counted against the allowable absences for attendance and will not be counted for audit.

Notice of Absence

A notice of absence is sent to a student who has been marked absent for 12% or more of the total class meetings in the course. The notice of absence is sent to the student’s college issued email account via the online attendance system.

The student is required to contact the instructor immediately upon receipt of the notice of absence to discuss the student’s attendance and options regarding the course. Once a notice of absence is sent, failure to contact the instructor and/or failure to be counted present for a subsequent attendance date could result in a withdrawal for excessive absences.

Excessive Absence

Withdrawal for excessive absences occurs when a student is marked absent for the number of days correlating to the term length in weeks and the number of class meetings per week based on the chart below. The instructor will record a student’s grade as either “WP” or “WF” for the course. “WP” is defined as withdrawal passing; “WF” is defined as withdrawal failing.

Class Meetings Per Week							
	1	2	3	4	5	6	7
Term Length (weeks)	Number of Absences Resulting in Withdrawal for Excessive Absences

17	4	6	8	11	13	15	17
18	4	6	9	11	13	16	18

*The above attendance requirements apply to regular academic and career/technical credit programs including On Campus, online, and hybrid courses. This chart may not apply to non-credit, continuing education, or nursing and allied health programs which may require more stringent attendance policies that will be stated in the departmental regulations for the program of study.

No-Show Policy

A No-Show is defined as a student who has never attended a class. Instructors record No-Shows in the college's electronic attendance system. Students attending at least one time should understand that they cannot be marked as a no-show and will be charged for the course unless they drop the course within the drop/add period of the course's term which can be found in the Academic Calendar online at <https://www.hindscc.edu/academic-calendar>

In the case of required co-requisite courses, a student cannot be dropped as a No-Show in one course and continue to be enrolled in the co-requisite course.

Course Withdrawal

Prior to the start of a term, students who withdraw from the College will not be liable for fees other than nonrefundable fees. Students who have paid tuition and do not have any registration holds on their account can use their My.Hinds account to remove themselves from all classes. Students who need assistance or what have a hold on their account should contact the Office of Advising.

During the drop/add period of a term, classes that are dropped are considered schedule changes and do not appear on the student's record. Student's will not be charged for dropped classes during the drop/add period.

After the drop/add period of a term, students can withdraw from classes through My.Hinds during the withdrawal period or with the assistance of an advisor. Students that withdraw from a

class during the withdrawal period will receive a grade of “W” on the student’s record. Student’s will be charged for all classes they withdraw from.

The drop/add period and the withdrawal period for each term can be found in the Academic Calendar.

Students requesting to completely withdraw from the College need to contact the Office of Advising to request a “Complete Withdrawal” form. Students must continue to participate in the course until the withdrawal can be processed.

Any student withdrawing from either an on-campus or hybrid lecture or laboratory science course must withdraw from both at the same time except during the last week of the withdrawal period (with the exception of the BIO courses). However, online students are not required to withdraw from both the lecture and the lab courses at the same time (as those can be taken separately online). Note: Any student wishing to take a continuation academic science course must have credit in both the lecture and lab before being allowed to take the continuation lecture or continuation lab.

REPEATING A COURSE

In order to better his or her grade point average, a student may repeat, for grade replacement, a course already taken at Hinds. The attempt with the highest grade will be counted in grade point average calculations. All other grades will remain on the transcript. Some courses can be repeated for additional credit and cannot be replaced for a better grade (ex: Physical Education Activity courses, Music Lessons, Seminars). Developmental courses may not be repeated solely for the purpose of replacement. The replacement grade policy is honored at Hinds Community College and may not be recognized by other colleges/universities or employers.

If the course is no longer available, no other course may be substituted. In some programs such as Nursing and Allied Health, the right to repeat courses for replacement grade is not automatic. A designation of “W” or “AU” cannot be substituted for a previous grade.

All hours attempted during the student’s entire enrollment in the college will be considered when determining federally funded financial aid eligibility. This includes repeated courses. Students are urged to consult with their academic advisor, as well as a financial aid advisor, before repeating any course. To raise a grade point average at Hinds Community College, the course must be repeated at Hinds. When a student transfers to another institution, the policy of the receiving institution will determine the student’s grade point average.

WITHDRAWAL FROM COLLEGE

Prior to the start of a term, students wishing to officially withdraw will not be liable for fees (other than nonrefundable fees). Students who have paid tuition can use their My.Hinds account to remove themselves from all classes.

To withdraw from the College at any time prior to five (5) working days before the first day of final exams for day/evening classes during a regular semester (three [3] days during the summer), a student must contact a counselor who will initiate the withdrawal. Students in Distance Learning courses must contact a counselor to initiate the withdrawal by the date designated on the MSVCC calendar. The grade at the time of withdrawal from the College will be “W” in all classes in which the student has not been dropped with a “WP/WF” for excessive absences. It is the responsibility of the student to complete and return the Withdrawal Form to the Office of Admissions and Records within two (2) business days.

ACADEMIC DISHONESTY

Academic pursuits require the exploration of ideas from a multitude of sources. A responsible scholar always gives credit to the ideas of others. Ethical treatment of sources as well as honesty in testing and assignments are hallmarks of academic integrity. Hinds Community College considers academic honesty essential for scholastic excellence.

Self-plagiarism occurs when an individual recirculates materials from a previous course into a current one without an instructor’s consent. Submitting unoriginal work in a course is unethical and does not demonstrate academic progress.

Plagiarism

Plagiarism occurs when an individual borrows words, ideas, original material, or data from another person, group, or organization without acknowledging the original source of the material. Students are expected to cite sources correctly. Several resources are available on the Hinds Community College website to help students incorporate ideas of others into their own work.

Cheating

Cheating is defined as the act of obtaining or attempting to obtain or aiding another to obtain academic credit for work by the use of any dishonest, deceptive or fraudulent means. Examples of cheating include: copying from another's test or examination; discussing the nature or content of test items and/or answers before, during, or after an examination or test without permission of the instructor; possessing, giving or receiving copies of an examination or exam questions without the permission of the instructor; using or displaying notes, "cheat sheets," or other information or devices inappropriate to the prescribed test conditions; allowing someone other than the officially enrolled student to represent the student and/or complete coursework in any manner.

Legitimate Collaboration

In situations in or outside the classroom where some degree of collaboration is permissible, it is the responsibility of the instructor to give written instructions to his/her classes specifically stating what forms of collaboration are authorized. When procedures are not clearly understood, it is the responsibility of the student to consult with the instructor.

Penalties for Academic Dishonesty

The penalty for the first commission of any offense set out above will be either a zero on the particular assignment, withdrawal from the course, or failure in the course. The instructor will state clearly on the course syllabus which penalties may apply. These options will be clearly stated on the instructor's syllabus. The instructor will also refer the matter for possible further action, including possible suspension or dismissal from the program of study or from the college. The penalty for subsequent commissions of any of these offenses will be failure in the course and possible dismissal or suspension from the program of study or from the College.

In cases of academic dishonesty:

1. The instructor will immediately email the student, the department chairperson, the Academic Dean or Career-Technical Dean and/or Dean of Distance Learning (whichever is appropriate) and the campus Dean of Students, indicating the action taken.

2. If the student has been previously reported as committing the same offense, the Dean of Students will notify the instructor, department chairperson, and appropriate dean, who will together determine if further action is needed.

SCHOLASTIC PROBATION AND SUSPENSION

FALL AND SPRING

If a student, who is in Good Scholastic Standing at the beginning of a fall or spring term earns a term GPA of less than 1.75, his/her scholastic standing will become Probation at the end of that term.

If a student, whose scholastic standing is Probation at the beginning of a fall or spring term earns a term GPA less than a 1.75, his/her standing will become Suspension at the end of that term provided his/her overall GPA is also less than 2.00 at the end of that term; otherwise, his/her scholastic standing will remain Probation.

If a student, whose scholastic standing is Probation at the beginning of a fall or spring term earns a term GPA of 1.75 or above his/her standing will become Good Standing at the end of that term, provided his/her overall GPA is also 2.0 or above at the end of that term; otherwise, his/her scholastic standing will remain Scholastic Probation.

Transfer students who were academically dismissed from the last school they attended, have sat out the required number of semesters and are eligible for immediate readmission, may be admitted to Hinds CC on Scholastic Probation. Transfer students who were placed on Scholastic Probation after their last semester will be admitted to Hinds CC on Scholastic Probation.

SUMMER

Hinds Community College students have the opportunity to improve standing through summer work at Hinds. Scholastic standing can rise from Scholastic Suspension to Scholastic Probation provided a student earns six (6) or more semester hours of credit during a summer term with a term GPA of 2.00 or above. This work must be taken at Hinds Community College.

If a Hinds student, whose scholastic standing is Scholastic Probation at the beginning of the summer term, earns a summer term GPA of 2.0 or above (including all courses taken in all summer terms) on a minimum of 6 hours, his/her standing will become Good Standing at the end of the summer term, provided his/her overall GPA is also 2.0 or above at the end of that

term; otherwise, his/her scholastic standing will remain Scholastic Probation. This work must be taken at Hinds Community College.

PROBATION STATUS REQUIREMENTS

An academic student who is on probation must enroll in LLS 1422, unless he/she has previous credit in this course or is enrolled in fewer than fifteen (15) semester hours. Also, a student on scholastic probation cannot enroll in more than seventeen (17) semester hours (including LLS 1422) during a fall or spring term.

If Suspension occurs at the end of a fall semester, the student cannot enroll again until the next summer term. If Suspension occurs at the end of a spring term, the student may enroll immediately at Hinds for the next summer term. If the conditions outlined under "SUMMER" above are satisfied, the scholastic standing will revert to probation. If these conditions are not satisfied, the suspended student cannot enroll for the upcoming fall semester. A suspended student who does not enroll for one or more fall or spring semesters will be eligible for readmission on Scholastic Probation.

SCHOLASTIC SUSPENSION APPEALS

Appeals for permission to continue in school when facing scholastic suspension must be made in writing to the Local Student Services Committee. The forms are available at the Dean of Students Office. Each appeal will be considered on its own merits. Scholastic appeals have a six-month statute of limitation. Appeals must be filed within six months of the end of the semester during which the Suspension occurred.

If the appeal for permission to continue in school is approved, the student must enroll in no more than 15 semester hours and will also be enrolled in the non-credit online course, Project You, for the upcoming spring or fall semester. Students that do not actively participate in the first week of the non-credit Project You course, with active participation defined as completion of initial confirmation assignments, will not be allowed to continue in their enrolled for credit courses.

*** TRANSITIONAL STUDENT DEFINITION**

In an effort to assist the college student who needs additional support to complete college level course work, the College requires eligible students to participate in the Transitional Student Program. First-time Transitional Students are those who meet all of the following conditions:

4. Scholastic Restart may be declared only one time.
5. All hours attempted during the student's entire enrollment in the college will be considered when determining federally funded financial aid eligibility. This includes grades of "W."
6. Scholastic Restart is honored at Hinds Community College and may not be recognized by other colleges/universities or employers. Students should check with their chosen transfer college/university or employer to determine their academic status upon completion of their studies at Hinds.

7. A re-entering student requesting Scholastic Restart may be provisionally approved but must complete a minimum of 12 semester hours with a quality point average of 2.5 (on a 4.0 scale) before being officially accepted into the program.
8. No grades will be removed from a student's official transcript; however, notation will be made on the transcript as to the Scholastic Restart. No coursework completed before that time will be used when determining quality point average or determining graduation status at Hinds Community College. The coursework will be used for federally funded financial aid eligibility.
9. The Registrar is responsible for providing the necessary interpretations on questions not expressly answered in this policy.

CONDUCT IN ON-CAMPUS CLASSES/LABORATORIES

The atmosphere in the classroom should be one in which the greatest amount of desirable learning can take place. All unnecessary noise and confusion must be avoided and this can only happen when students realize their responsibility for proper and courteous behavior. As a good college citizen in class, a student will:

1. Report to each class promptly and quietly. If late for class, be courteous enough to enter quietly to avoid disrupting the attention of others while they work.
2. Bring all necessary materials for each class and be well-organized and prepared to work.
3. Give class work undivided attention. Pay strict attention to what the instructor is doing. Learning is a highly personal activity that requires concentration and work.
4. Have assignments carefully prepared, and be ready to make a contribution to the class when called upon. If experiencing difficulty in study efforts, students should consult their instructor regarding effective study techniques. An academic advisor can also give students assistance.
5. Maintain a friendly and courteous attitude during each class period. Refrain from interrupting others when they are making their contributions to the class. Students should take part in class discussions, but not act as if their ideas are superior to those of their classmates. Students should listen to what others have to say and respect their classmates’ ideas even if they are contrary to their own beliefs.
6. Be academically responsible and acquire all assignments and prepare them on time.
7. Never copy or help another person to cheat.
8. Refrain from bringing minor children to class unless the minor child is enrolled in the class or in a special or summer program. This seriously impedes the teaching process. Minor children must not be on campus during normal working hours unless supervised by an adult.
9. Turn off electronic devices during classes (including labs and clinical), in library/media centers and during business/school sponsored activities unless approved by instructor/college official.

CONDUCT IN ONLINE CLASSES (MSVCC)

A student who is enrolled in a distance learning class MUST:

1. Maintain a sense of respect and professionalism in all communications with classmates, faculty and staff.
2. Give undivided attention to the class and pay close attention to the requests of the instructor.
3. Have assignments prepared carefully and be ready to make a contribution to the class.
4. Have all assignments in order and prepared on time.
5. Never copy another student’s assignments or help other persons cheat.
6. Never bring minor children in the proctored testing labs or to the campus unless they are under adult supervision at all times.

CONDUCT IN THE LIBRARIES

The College libraries provide students with a place to study, read and research undisturbed. Trained librarians are also available to help students and make suggestions which will make research and study more productive. In return, as a college student, you are expected to be a responsible citizen who:

1. Observes all library rules and regulations.

2. Call on the librarians when help is needed and after a preliminary search has been made.
3. Always return books and magazines to their proper places.
4. Maintain a quiet atmosphere at all times.
5. Return all library materials on time.
6. Avoid disfiguring library books and magazines and encourage other students to do the same.
7. Turn off Cell phones, pagers, PDA, Ipods, MP3 Players, etc. (See fines and regulation in Student Conduct section: Cell phones, pagers, PDA, Ipods, MP3 Players, and other electronic devices must be turned off during classes (including labs and clinical), in library / media centers and during business/school sponsored activities.)

CONDUCT IN CLUB OR GROUP MEETINGS

Belonging to a club, you should do your part to make it a success. Besides carrying on necessary business, meetings provide an excellent opportunity for you to practice good citizenship by:

1. Learning to abide by parliamentary rules.
2. Knowing how to call a meeting to order, how to make a motion, how to second a motion, how to appoint committees and how to elect officers.
3. Attending meetings regularly.
4. Respecting the opinion of those who disagree with you.
5. Making worthy contributions to programs and activities.

CONDUCT IN DINING CENTER

Our society has developed rather rigid rules concerning acceptable behavior in places where food is served. This is true in restaurants and cafes as well as in your College cafeteria. These rules are so universally understood that violations are quickly apparent to others. How you enter and leave the dining area, your general table manners, and the way you handle your food all indicate a measure of mature behavior.

The following suggestions represent some of the more important rules of conduct accepted by the majority of your friends. The good college citizen will:

1. Always keep your proper place in line while waiting for a table.
2. Give and receive your food order courteously. Food service employees and other food handlers have a difficult task serving everyone and deserve to be treated with respect. Be quiet and orderly while eating. Avoid shouting to others or making unnecessary noise.
3. Make meal time pleasant by being a good table companion. Take time to visit with others while you eat.
4. Put chair in place when leaving, place tray and dishes in proper area and throw trash in the trash can. Leave floor, table and chair tidy. Help the next person in line enjoy meals in a clean and sanitary setting.

STUDENT CONDUCT PROCEDURES

I. PURPOSE OF REGULATIONS

The underlying principles of College regulations enable the College to operate as a public institution of higher education in a manner consistent with ideals of taxpayers of the five supporting counties, the State of Mississippi and for the purpose of freedom from interference with the educational process.

In order to insure appropriate standards of conduct are maintained by students, the College administration and faculty are encouraged to take individual initiative with students which will reduce the likelihood of more serious problems.

II. STUDENT RIGHTS, RESPONSIBILITY, AND CONDUCT ON CAMPUS

Hinds Community College is concerned with maintaining an environment in which the rights of all members of the campus community are protected while they pursue their educational objectives and activities. It is important that each student become aware of and abide by the regulations published in the Student Handbook. It is also important that members of the College community be willing to confront violations and the infringement of another's rights by filing complaints procedure with Campus Police, the Housing Office, or the Dean of Students.

Since the entrance of the first freshman class in 1922, students of Hinds Community College have observed rules of student conduct. All students enrolled at Hinds Community College are expected to be familiar with the policies of the College and conform to the standards of conduct contained in this document. Students/student organizations or clubs who fail to observe these standards of conduct will be referred to a Student Conduct Committee or an administrative hearing for appropriate action.

III. AUTHORITY FOR ENFORCEMENT

The Dean of Students is primarily responsible for the enforcement of student conduct. This authority is delegated to the Dean of Students by the appropriate Vice President of Student Services via the President of the College, who has the ultimate responsibility for student conduct subject only to review by the Board of Trustees. The Dean of Students may, at their discretion, assign a student conduct case to the local Student Conduct Committee.

Prosecution in criminal court for a violation of law does not necessarily preclude College student conduct action. Whether or not it is deemed appropriate and necessary for the College to take student conduct action will be determined by the Dean of Students.

Prompt and decisive action may be taken by the Dean of Students in cases where a student's continued presence on a campus or clinical setting constitutes an immediate threat or injury to the well-being of property, to themselves, to members of the College community, or to the proper and orderly functioning of the College. Students who are interim-suspended under such conditions will receive a prompt hearing on the charges against him/her.

Interim-Suspension

Any student charged with or convicted of a felony or when the continued presence of the student is deemed to present a danger to persons or property of the College or an ongoing threat of disrupting the operations of the College may be subject to immediate administrative suspension by the President of the College or his/her delegate. A hearing regarding the student's conduct will be held as soon as is practical.

All applicable rules and regulations set forth in College publications apply to all students, guests, visitors, and student organizations /club members.

Students and others are informed of the current College regulations for governance of students through publications in the College Catalog and the Student Handbook. Changes in regulations which do not coincide with the printing of the Catalog or Student Handbook will be published in an official Hinds email to the student or posted on the web site at www.hindscc.edu prior to enforcement of the new regulations

The routine instances of minor misconduct which occasionally occur in the class or other group activity are the responsibility of the instructor or person in charge. Appropriate remedies generally include: stating clearly the accepted conditions of conduct, setting a proper example, appropriate verbal and/or written reprimands, and referring the student to the counselor, dean, or director for counseling and discussion of this matter.

IX. Appeals Process

The student, group, or registered organization being disciplined may appeal a decision reached by a student conduct committee or administrative hearing. A request for an appeal must be made in writing to the Dean of Students within a period of three (3) working days from the date of notification. A residence hall student who appeals an expulsion, suspension or residence hall dismissal may be required to vacate the residence halls while the appeal is pending. An appeal must be based on one or more of the following reasons:

1. Due process rights were violated;
2. Inadequate evidence or new evidence became available; or
3. The sanction received was arbitrarily harsh or capricious.

The student, group, or organization being disciplined must detail in writing why they are appealing. Any student or group not submitting a written appeal by the appointed date forfeits any further consideration in this matter. The student or group members may be suspended from classes and all activities during the appeal process. The appeal will be reviewed by the Appeals Committee, Associate Vice President of Student Services or by an assigned administrative hearing officer.

The Appeals Committee, Associate Vice President of Student Services or administrative hearing officer will review the written documentation and other related materials, it will then grant or deny the appeal. The student will be notified in writing of the decision. Following the notification by the student, group, or organization of intent to appeal and pending the appeal meeting, any student conduct action taken by the College shall be delayed unless the Dean of Students has determined that the continued presence on campus of the charged student, group, or organization is deemed to present a danger to persons or property of the College or an ongoing threat of disrupting the operations of the College.

The Letter of Appeal form is available in the office of the Dean of Students and must be completed within three days after the decision. If the appeal is without merit, the appeal is denied. The appeal process is administered by the Associate Vice President for Student Services. Process questions may be asked by calling a Dean of students or operating campus dean.

Confidentiality of Student Conduct Files

For every student/student organization or club referred for student conduct action to the office of the Dean of Student, a student conduct file is established. A student's student conduct file contains the reports of the incident and all correspondence. Restrictions will be placed in the computer data base. These files are maintained as a means of keeping up with the student's student conduct status. While the files may be used for internal administrative purposes, they are not released to others outside the College except under court order. Student conduct suspension or expulsion, may only be placed on a transcript with the approval of the President.

In cases resulting in a written reprimand, College probation, suspension or expulsion, and residence hall suspension, the student conduct file will be maintained as a student conduct record.

A student conduct record means that information from the file may be released to employers, other academic institutions, or governmental agencies where the student authorizes release specifically in writing or the documents are subpoenaed. Information regarding lesser penalties is not released. A student may review his/her student conduct file with the dean by making an appointment to do so.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

Hinds Community College maintains certain policies and practices to assure compliance with the Family Educational Rights and Privacy Act (FERPA). While students are enrolled in high school, their parents typically "own" their educational records. However, once students are enrolled in college, the student becomes the owner of their personal educational records. FERPA affords students certain rights with respect to these records. These rights include the following:

1. The right to inspect and review their educational records within 45 days from the day Hinds CC receives a request for access. Students should submit to the Records Office written requests that identify the record(s) that they wish to inspect. A Hinds CC official from the Office of Admissions and Records will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Office of Admissions and Records the Admissions and Records official shall coordinate with the appropriate office in order to ensure that the requesting student is able to view his or her educational record.
2. The right to request the amendment of the student's educational records if the student believes the records are inaccurate or misleading. Students who wish to amend a record that they believe is inaccurate should write the Hinds CC official responsible for the record, clearly identify the part of the record that they want changed, and specify why it is inaccurate or misleading. If Hinds CC decides not to amend the record as requested by the student, Hinds CC will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when he or she is notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's educational records. However, there are some exceptions in which FERPA may authorize disclosure without student consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Hinds CC in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel); a person or company with whom Hinds CC has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee (such as a student conduct or grievance committee, or assisting another school official in performing his or her tasks). A school official who needs to review an educational record in order to fulfill his or her professional responsibility has a legitimate educational interest.

In addition, upon request, Hinds CC may disclose educational records without consent to officials of another school in which a student seeks to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Hinds Community College to comply with the requirements of FERPA.

The contact information of the Office that administers FERPA is as follows: Family Policy Compliance Office, U.S. Department of Education 400, Maryland Avenue, SW Washington, DC 20202-5901

The contact information for the Hinds CC office that administers FERPA is as follows: Hinds Community College, Office of Admissions and Records, P.O. Box 1100, Raymond, MS 39154

DIRECTORY INFORMATION

Directory Information is information contained in a student's educational record that generally would not be considered harmful or an invasion of privacy if disclosed. Under the terms of FERPA, Hinds Community College has established the following as directory information:

- A. Name, address, and telephone number
- B. Classification (freshman, sophomore, etc)
- C. Major (program of study)

A student may submit a Directory Information Restriction Request, available at any campus admissions office and on the Hinds CC website, to the Office of Admissions and Records to withhold this information. If a student submits a restriction request, his or her record will be noted "confidential," and no information will be released without prior written consent.

NONDIRECTORY INFORMATION

Nondirectory Information is personally identifiable information such as grades, transcripts, grade point average (GPA), and scholastic/academic standing, most of which is part of a student's educational record. Educational Records are those records directly related to a student's scholastic performance and maintained by the institution. Hinds CC does not release this information without written authorization from the student, with the exceptions mentioned in #3 above. If a student wishes to have any personally identifiable information regarding his or her educational record released, a Waiver of Rights to Privacy of Records form (found in My.Hinds or Hinds Admissions Office) must be completed by the student and returned to a campus Admissions Office.

Such circumstances could include, but are

not limited to, reports or suspicions of foul play, suicidal thoughts, drug use, any life threatening situations, or where a student may be known to be with persons who may endanger the welfare of the student.

All reports of missing resident students shall be directed to the Campus Police Department, which will conduct an investigation to determine whether the student is missing. The College will also notify other law enforcement agencies if deemed necessary after the student is determined to be missing.

All residential students will have the opportunity to designate an individual as a missing person's contact, who will be notified by the College no more than 24 hours from the time the student is determined to be missing. All confidential missing person contacts information will be on file with Housing and Residence Life and will remain in effect until changed or revoked by the student. The information may be accessed only by authorized College officials.

Procedure:

1. All reports of missing students shall be directed to the Campus Police Department.
2. An investigation will be initiated to determine the validity and credibility of the missing person report. The Campus Police Department and Housing/Residence Life will gather all essential information about the student from the person making the report and from the students' acquaintances. The information to be obtained includes, but is not limited to, personal descriptors, clothing last worn, locations where student may be, persons or witnesses who may have information, vehicle descriptions, information of the physical and mental well-being of the student, up-to-date photographs, class schedule, etc.
3. The Dean of Students or designee will notify the missing person contact individual that the student is missing. In the event the student is under 18 years of age or is not emancipated, the College shall make notification to the custodial parent or guardian.
4. If the listed actions are proven to be unsuccessful in locating the missing student, notification will be made to other agencies for assistance in the location of the missing student.
5. The Dean of Student's Office shall initiate whatever actions deemed appropriate and in the best interests of the missing student.
6. College President and his cabinet will be notified in accordance with this procedure.

PUBLIC INTOXICATION PROCEDURE

The College forbids the possession and/or consumption of alcoholic beverages or drugs on the campus and/or at any activity sponsored by a student organization at the College on college owned or controlled property. The College will take additional steps with students who appear impaired to the point where they are drunk (not in control of themselves) on campus in order to protect that student and the campus community. Therefore, if in the opinion of appropriate college officials a student is impaired (public drunk or under the control of mind altering substances), then the following action will be taken:

1. The student's parents or legal guardian will be called to come and take custody of the student (if the student is under the age of 21);
2. If the parent or legal guardian cannot be contacted, or if the parent or legal guardian refuses or is unable to take custody of the student within one and a half hours, then the student will be arrested and transported to jail.
